Pinnacle STUDIO .

version 9

Easy, Powerful, Creative Video Editing

Easy Video Editing

3-Step Process

Transfer your video to the PC, tell your story, and share it on tapes, CDs,DVDs or on the Internet: Pinnacle Studio version 9 takes the guesswork out of video editing by making it easy and straightforward.

One click Movie Making option

Create a movie in seconds with SmartMovie™. Simply choose both a video and a music track, pick a preset movie style and let Pinnacle Studio instantly create an amazing movie that matches the beat of the background music.

Smart Automated features

Pinnacle Studio has automated features to make video editing faster and easier! SmartCapture™ minimizes the space of videos on your hard disk while SmartSound™ generates background music that fits the length of your edited movies.

Powerful Video Editing

A powerful engine for instant results

At any time during the editing process, you can instantly watch your production in full screen. At the heart of Pinnacle Studio is a professional quality video editing system, which delivers all the power you need to quickly go from capture to a finished movie.

Unique video and audio restoration tools

Pinnacle Studio makes it fast and easy to save all your memories in the highest quality thanks to fantastic video and audio restoration tools; video cleaning restores old taped videos, image stabilization steadies shaky footage, automatic colour correction rescues poorly lit images, and noise reduction removes wind noise and camcorder whine..

Integrated CD & DVD creation

By integrating CD/DVD authoring into the video editing timeline, Pinnacle Studio version 9 provides complete flexibility to create Video CDs & DVDs that are fun to share and convenient to access.

16:9 and 4:3

Creative Video Editing

Professional looking movies

Choose from an extensive library of amazing 2D & 3D transitions, select from a catalogue of titles or create your own, record your own voiceovers and import your favorite music tracks... The creative possibilities are limitless.

An assortment of video & audio filters

Pinnacle Studio comes with a selection of fantastic filters that you can apply to your movies with one click and preview instantly. You can even superimpose multiple filters onto your movie clips for stunning results!

A Home Theatre experience

Thanks to new home cinema features such as surround sound and support for both Standard 4:3 and Widescreen 16:9 aspect ratios, you can bring a unique Hollywood touch to your finished movies.
